If the stand taken by the Toronio 'Globe with respect to the Hudson's Bay Railway be any criterion of the stitude of the Liberal party toward that enterprise we cannot expect that we can get much assistance from Lourier and his party to help us out of the hole we are now in with regard to railway facilities. The "Globe" persistently characterises this undertaking as "that wildcat railway," and doing its level best to risicule and helittle it as much as lies in its power. That this is a practical exponent of the policy of the Liberal party there is no room for doubt. The half-hearted non-committal expressions of Mr. Luurier upon the eubject in his Northwestern tour showed plainly that his leart was not in the movement; and the utterances of hip party subsequently show plainly that they are as reported, working tooth and nail against it. Their object in so doing is not far to seek. Their idea is that by their continual harping on the extravagance of the Conservative Government, crowning it with this last nove of expenditure upon what they call "that wildcat railway," they hope to enlist the sympathics of the electors of the astern provinces so much that they can ride into power without the said of either Manitoba or the Northwest, vote for a party whose policy is so intimical to our best injeresta.

Stafford's Magazine, a New York monthly of home and general reading.

The proposition isto send the Magazine one vear for one dollar, the regular substription price, and in addition to send each subscriber fitty-two complete novels during the twelve months; one each week.

Think of it. You receive a new and complete novel, by mail, post paid, every week for fitty-two weeks, and in addition you get the magazine once a month for twelve months, all for one dollar. It is an offer which the publishers can only afford to make in the confident expectation of getting a hundred thousand new subscribers. Among the authors of the coming series are Wilkie Collins, Walter Besant, Mrs. Olinhant, Mary Cerl Hay, Florence Maryat, Anthony Captain, Marryat, Miss Trackery and Little Collins, Walter Besant, Mrs. Olinhant, Mary Corn. The Manitoba Free Press in speaking of the Uxbridge Prino says. They are genuine works of art, and redect the highest credit upon the firm which has produced them. The old style of upright panos is thrown into the shade. The Uxbridge Plano has a continuous book rack which will be appreciated in the playing of ducte; sitting down to the highest of ducte; sitting down to the highest of ducte; sitting down to the highest of ductes; asting down to the highest of ductes; sitting down to the iano the performer touches a lever and the keyboard is uncovered, and the hinges of the lid turn out of sight, and the Instrument prevents the same artistic appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty year, and require no special description as they are so well-known and liked in the homes of the thomashes over the whole world, However, the company is manufacturing a six Oct. Organ in Plano case which is having a wonderful sale. The Pianoe made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal in tone, durability and finish to the best American.

The annual meeting of the above association was held at the head office of the company, Young, Richmond and Victoria streets, Loronto, on the afteneen of Touchard, the 5th inst. There, was a large strendance of sharded less, policy holder and member of the agency staff.

Hen, Sur W. P. H. whand, C.B., K.C. M. G., Prasidient, was called to the clear, and Mr. J. K. Macleonald, Managing Director, actical as seere ary.

The following report and financial strengths were submitted;

wing report and financial cre submitted:

new business was sought for only at reasonable cost.
Your directors have had before them 2,321 applications for a total insurance of \$3,331,555. Of these 2,218 for 3,419,559 were approved; 93 for 152,969 were defected and 5 for various reasons were deferred. Adding the revived policies, which have been written off in previous range of the season with the season of the season with the season of \$3,55,25,219 of insurance.

The total insurance in force at the close of the year was \$25,455,312,00 under 16,625 policies on 14,671 lives.

The death claims for the year were light, tening 33 deaths under 165 policies. Calling for a total insurance of \$16,1257.

50. Under a reassurance this amount making the net claims \$162,293. This is a striking evidence of the care exercised in the selection and acceptance of much under the season of the

business, and is a high compilment to our field staff.

The financial statements submitted here with fully exhibit the position of the association on the 11st Documber last.

The additors have continued to give close attention to their duties, and have them thorough and prompt in their work. Their report will be found appended hereto Your directors are pleased to be able to stare that the head office building is filling up very wolf, considering the effect of the prevailing depression upon all property of the kind. A considerable p rition has been reated during the past year.

Mr. W. H. Beatty, in seconding the report and:

I think we have fair reason to congratuate ourselves upon the amount of lusiness which has been secured during he past gar, which has been secured in the Dominion of Canada, with the exception of Newfoundiand, were we re-established an agency during the year, and which we suppose will very shortly be a part of the Dominion of Canada. The linice shows an increase all along the line. The president referred to the depression which has existed to commercial affairs, but when we consider the very large amount of money that is paid for life insurance in the Dominion, aggregating many millions of dollars we cannot but conclude that it is an evidence of the country.

Atter the meeting adjourned a meeting of the new board was held, and Hon. Si. W. P. Howland, C.B., K.C.M.G., was re elected president, Mossrs. E. Hooper and W. H. Beatty, vice presidents, and J. K. Maedona'd, managing director.

The Wild Flowers of Canada

This Dominion will soon be with wild flowers as with a

ed with wild flowers as with a carpet. It is interesting to hear that splendid prizes are to be given to those who know the Wild Flowers of Canada by name, form and color. European and American judges of floral nature say Canadians should be so carried away with the beauty of their own native bloom as to ensure an acquaintance with the Wild Flowers of Canada by every man, woman, boy and girl in the Dominion.

In this connection the Montreal "Star" is coming in for much praise for a splendid work it is publishing, entitled "The Wild Flowers of Canada," in portfolio form, sixteen flowers in each portfolio, three hundred size, the whole forming an invaluable treasure for the library. For a limited time these valuable portfolios may be obtained from the Montreal "Star" or local newslealers at fifteen cents each. Amazing cheap.

We have just received a new price ist from Jas. McMillan & Co., Inc., 000-212 First Ave. North, Minn., the argest hide and fur dealers in the Northwest, and it can be referred to it this office at any time. Their ad-rectisement appears regularly in Time Fairs.

The greatest papers in Great Britain and the United States freely acknowledge the worderful merit of the Funity Herald, and Weekly Star, Montreal. The Funity Herald is a great newspaper and a great family paper, but it is more than that, it is one of the greatest authorities in the word on cheese, butter, general dairying, magnetal farming. How a progressive, appendix and Weekly Star of Montreal is hard, indeed, to understand.

LITTLE BOOKS.—Cotton Mather said that since he had given away many little books. God had given to him many great books. Great books have their value, but little books are far more important for common use; and while students may need the great books, the people need the little ones. Busy men and women have no time for long stories. All the books of the Bible, as written, were little books. Thousands of people who cannot read large volumes would gladly read brief pointed tracts and pamphlets. Persons interested in scattering "small books on great subjects," will do well to examine the different numbers of the Anti-Indel Library, published by H. L. HASTINGS, 47 Cornhill, Boston. Most of them are 5 or 10 cents pamphlets, in readable type, but so packed with facts that they contain as much information as one would often find in a book costing a dollar. The circulation of some of these little tracts having been printed. We do not often see "third million" on the title of any publication, but persons who are curious can find it by sending five cents or acopy of the pamphlet "Will the Old Book Stand?" or by sending twenty-five cents for an assorted package of its Anti-Indel tracts.
